Subsequent to the appearance of second Notification as stated in this office U.O.R. No.C2/44/3862, dated 7-2-1951, the Special Land Acquisition Officer, in his letter No.L.AQSR, dated 7-3-1951, stated that we should acquire an excess area of 1A 16G 6As as per " Bombay Prevention and Fragmentation and Consolidation of Holdings Act 1947". Accordingly, we have submitted Land Acquisition proposals, for the excess area to the Collector, Belgaum. Meanwhile, the Special Land Acquisition Officer has been requested to hand over the land already notified and measured, and also to arrange for the joint measurement of the excess area. The date for the joint measurement was fixed as 13-4-1951 and the land that is already notified is expected to be handed over to this department soon.

An area measuring 1 Ae. - 18 gunthas - 15 as. which had already been notified under clauses 4 and 6 of the Land Acquisition Act, was handed over to the department on the 31st August 1951. The remaining area which we were to acquire under Bombay Prevention of Fragmentation and Consolidation of Holdings Act, has been notified in the Bombay Government Gazette of the 30th August 1951. The Collector, Belgaum District, will be requested to take further action in the matter and hand over this remaining portion to the department.

An area measuring 15 Gunthas containing the well in S. No. 86 was notified under clause 6 in the Bombay Government Gazette of 22nd November, 1951 and the Collector of Belgaum District was requested to hand over this area to the Department. This area with the well has not yet been handed over to the Department. As the Government have now amended the Prevention of Fragmentation and Consolidation of Holdings' Act enablin the Department to acquire only the requisite area, the Collector of Belgaum District is being requested to hand over a total area of only 2 acres, which is considered sufficient and was originally proposed, and abandon the acquisition in respect of the remaining area.

ELECTRIC GRID OFFICES,

Sub:- Electrification Scheme at Hukeri and the Community Development project there.

Shri D.W. Mahendale, Executive Engineer of this Department saw the Minister, Local Self Governm on the 23rd evening in compliance with a call from the Minister's P.A. With reference to the discussio which ensued on the above subject, following remarks are offered.

The Electrification scheme of Hukeri as sanctioned (revised) under G.R., No.G.B.L. 1351 of 28-8-51 consists of Establishment of a Diesel Power Station of 400 kW (600 H.P.) at Hukeri Town, from where 11 kV H.T., Single Circuit, overhead feeder lines will be taken, one to feed Sankeshwar town seven miles west, another to feed Chikodi town fourteen miles North and a third to feed Konnur and Gokak thirteen and nineteen miles respectively to East. Details are given in the Layout Plan attached herewith.

Provision in the estimates exists for supply of power by the three feeder lines mentioned above t the townships of Hukeri, Sankeshwar, Chikodi, Konnur and Gokak within their respective municipal limits, which therefore, are the only areas that will be electrified under the present scheme.

If supply of electricity is contemplated to be made available to areas other than those covered by the above mentioned five townships, it may be possible to arrange, provided that these other areas are suitably situated on any of the above three feeder lines and provided the aggregate anticipated maximum demand of power of such areas is within the capacity of the scheme undertaken.

Therefore, if it is considered that the ty Development Project at Hukeri an

inclusion of additional areas, then the location of such areas and the approximate anticipated load demands may please be intimated so that investigations, as required, may be made and necessary sanction also obtained from the Government. Funds sanctioned are only for the scheme described above and any addition will naturally require further money sanction.

In the meanwhile, as explained by the Executive Engineer, the programme is that work of erecting Transmission and Distribution lines will be taken up first at Hukeri, wherefrom it will be extended to Sankeshwar on one side and to Ghatprabha-Konnur on the other. Gokak will be next taken up and then Chikodi. If the priority of any of the above is to be altered to suit the Community Projects programme, it may kindly be intimated in good time.

It is noted with thanks that the Project Officer, Shri Shrirang Kamat posted at Ghatprabha will give any help required by the staff and contractors of this Department working at Hukeri.
